No Matter What Happens The Price Is Always \$17

Since the European war started, prices have been on the rampage. You can count on your hand the necessities whose prices you know to be the same today as two years ago.

Styleplus Clothes \$17 are an American institution and they are true to their trust.

The makers made a pledge to the American public—namely, to make clothes whose style and quality would be a revelation—and the price was to be \$17 the nation over.

The war came on. But the popularity of Styleplus had grown so fast that their lower manufacturing cost, as a result of the volume, has enabled the makers to put out these guaranteed clothes at the same old price, \$17.

Big assortment of Suits and Overcoats.

THIRTY ARE KILLED IN ZEPPELIN RAID

TWO GERMAN AIR CRAFTS FALL VICTIMS IN AT- TACK ON ENGLAND.

London, Sept. 24.—Of the twelve big Zeppelins which invaded the British Isles last night to deal death and destruction from the skies, two today lay stark and black masses of steel and aluminum in the little village of Mangold, Essex county. They fell victims of the anti-craft defenses of London and outlying districts.

One came down a flaming torch, as did the Zeppelin L-21, destroyed three weeks ago, while the second, disabled by gunfire, effected a landing which saved the lives of the crew, who tonight are prisoners in England. The crew of the first raided died in the consuming flames of their own ship, but they were not so terribly charred as their predecessors.

This latest raid to light her own funeral way on English soil collapsed and was consumed much more quickly than the L-21. It is possible, though, that some of the men still living when the great vessel struck the ground. The captain's body was found some distance from the wreck.

The death and burning of the first Zeppelin was witnessed by tens of thousands of London residents, but the wounding and descent of the second raider was a matter of doubt until today's official statements were given out. Few details are available of this second raider's condition, but it is reliably reported that the crew surrendered to special constables.

Many who saw the shrapnel bursting like sky rockets about the invader, which subsequently caught fire, think there must have been several direct hits. Many aeroplanes were aloft and attacked the Zeppelins from all sides.

The raiders took a heavy toll of lives before their destruction. Twenty-eight persons were killed and ninety-nine wounded in the Metropolitan district of London. Two persons, probably four, and seventeen were wounded in the provinces.

BARGAINS TO PRINTERS

50 pounds each of 2-point leads and 6-point leads at 20c per pound, good as new; 15 10-oz. 30-oz. galley, as many as you want at 15c each, slightly used; 15-oz. 6 and 12-point 10-oz. wood galley for making galley, almost new, 50c per thousand; 50-pound 8-point and 100-pound 10-point type, type, proof, sent on application; one 9x13 Jones Lightning Jobber, equipped with throw-off and puller for fixtures, will print good work, price \$25; a 10-inch fountain will be thrown in to purchaser who will come and ship same.

THE TIMES.

VICTORIOUS ATTACK CONTINUED BY ALLIES

GERMANS ARE DRIVEN FAR BACK AND MUCH TERRI- TORY RETAKEN.

London, Sept. 27.—The British again advanced on the Somme front last night, the war office announced today. The greatest success was won in the direction of Eaucourt W. Abbey.

Washington, Sept. 27.—No rest is being given the Germans by the victorious Franco-British forces on the Somme front.

The British capture of the long resisting Thiepval stronghold, following closely and unexpectedly upon the capture of Combles, was itself followed up last night by a night stroke on the part of the French south of the Somme where they drove out the Germans from Vermandovillers, and captured a strongly fortified wood east of the town.

Recently this new drive is aimed at Chaubert, which bears to the southern end of the Somme line somewhat the relations that Combles did to the northern sector.

The beginning of a French effort to pocket this other German stronghold was apparent some time ago, and a further move such as that reported today in the drive east from Vermandovillers to a point two miles almost directly south of Chaubert, has not been unexpected.

The French lines already have been pushed in well south of the town. Meantime the military importance of the gains from Thiepval to the Somme scored in the smashing offensive of the present week are expected by military observers in the entente capitals to be made manifest by speedy further inroads upon German-held territory.

NEW YORK CARMEN GO ON STRIKE

Little Evidence Is Felt of 125,000 Who Are Supposed Out.

New York, Sept. 27.—Although labor leaders insisted tonight that the general strike of trades unionists in the Greater City in aid of the carmen who quit their places Sept. 6, actually would involve at least several million workers, there was no surface indication of a tie-up of the city's industries, as threatened after announcement was made today that the strike had begun.

When the union leader claimed that 125,000 workers in various crafts already joined the movement, with twice as many more ready to "walk out" tomorrow, the police said they had received no reports to substantiate any such estimates.

The actual situation, it was said, was confused because of Jewish holidays, which are being celebrated here by more than 100,000 union workers. Two hundred and five representatives of various unions at a meeting late today ratified the sympathetic strike order, it was announced, and agreed to call out the members of their unions tomorrow. While this meeting was in session the grand jury returned indictments against fifteen persons accused of stone throwing, assault on car crews and smashing car windows during the car strike.

There were fewer attempts at violence today, according to the police.

SAVANNAH TAKES STEPS TO GET W. & A. ROAD

Savannah, Ga., Sept. 24.—At a special meeting of the city council and a number of representative citizens of Savannah this afternoon, a proposition will be framed to pay the expenses of a special session of the Georgia legislature to consider a plan to extend the state road to the sea. Savannah is very anxious to have this matter considered and brought to the attention of the W. & A. commissioners in as favorable a light as possible.

Atlanta, Sept. 26.—Delegates representing Savannah and Brunswick appeared before the Western and Atlantic road commission at 10 o'clock Monday morning and put forward their respective claims as to which of the two cities should be made the coast terminal of the state road in the event propositions extending it to the sea are accepted. Those appearing for Savannah were Congressman Charles G. Edwards, chairman; Thomas Purse, R. S. Sallas, Edward O'Brien, Frank Wilby and W. G. Suttive.

Appearing for Brunswick was Albert M. Smith, secretary of the Brunswick board of trade. While both delegations filed exhaustive briefs with the commission, short appeals were made in person by Congressman Edwards for Savannah and Mr. Smith for Brunswick.

The proposition of Brunswick, Congressman Edwards declared that the city, as a municipality, would offer two propositions as follows:

First, that Savannah would defray the expenses of an extension of the session of the general assembly by sharing the burden with Brunswick and St. Marys, or

Second, would assume the entire burden in the event that the other cities involved did not care to join her.

The proposition of Brunswick as presented by Mr. Smith in the form of a brief, contemplates the extension of the Western and Atlantic railroad to the sea, via Collins with a link of 100 miles to Savannah, which would give the road, if extended to the sea, two coast terminals, Savannah and Brunswick. The Savannah proposition, on the other hand, offers only the one terminus.

HARDMAN'S CAMPAIGN EXPENSES \$19,976.08

Has Spent \$34,414.94 in Two Gubernatorial Races.

Atlanta, Sept. 28.—Dr. L. G. Hardman, of Commerce, is the first of the four gubernatorial candidates to file an account of his campaign expenses with the comptroller general, in requiring such statements within twenty days after the election. The limit expires October 2.

The expenses of Dr. Hardman reach a total of \$19,976.08 composed of the following items:

Entrance fee, \$250; stamps and stationery, \$3,238.42; publicity and newspapers, \$5,868.68; printing and literature, \$2,433.32; traveling expenses, \$1,652.00; clerical work and labor, \$4,435.85; miscellaneous, telephone, telegraph and rents, \$2,097.81.

In the primary of two years ago, when Dr. Hardman was also a candidate for governor, his expenses were given at \$14,438.80, making a total of \$34,414.94 for the two campaigns.

FOR HAY FEVER, ASTHMA AND BRONCHITIS

Every sufferer should know that Foley's Honey and Tar is a reliable remedy for coughs, colds, bronchitis, hay fever and asthma. It stops rack, loosens the phlegm and eases wheezy, difficult breathing. For sale by BULLOCH DRUG COMPANY.

SEEKS ONLY LOYAL AMERICAN VOTE

WILSON RESENTS ACCUSATION OF BEING PRO-BRITISH.

Long Beach, N. J., Sept. 29.—President Wilson made it plain tonight that he wants no "disloyal" American to vote for him. He expressed indignation over a telegram from Jeremiah A. O'Leary of New York president of the American Truth Society, accusing him of being pro-British and saying he had failed to obtain compliance with American rights.

The President sent O'Leary a short telegram, which officials indicated Mr. Wilson had desired to put in stronger language. His message follows: "Your telegram received. I would feel deeply mortified to have you or anybody else use my name. Since you have access to many disloyal Americans and I have not, I will ask you to convey this message to them."

Mr. O'Leary's telegram, given out by the President, followed:

"Again we greet you with a popular disapproval of your pro-British policies. Last year from the Twenty-third New York Congressional district, and now from your own state and from voters of your own party. Senator Martine won because the voters of New Jersey do not want any truckling to the British empire, nor do they approve of dictatorship over Congress.

Your foreign policies, your failure to secure compliance with all American rights, your leniency with the British empire, your approval of war loans, the ammunition traffic, are issues in this campaign. Do you know that William S. Bennett, a Republican congressman, ran in the Democratic primaries in the Twenty-third New York Congressional district and polled 36 per cent of the Democratic vote against his regular Democratic opponent? Anglo-manias and British interest may control votes. The people may be readers, but they are not followers of the newspapers.

"When, sir, will you respond to these evidences of popular disapproval of your policies by action? The Martine election and Bennett vote prove you have lost support among Democrats.

"Every vote for Martine was a vote against you, as were every Democratic vote that went for Mr. Bennett in the Democratic primaries in the Twenty-third congressional district."

Missing Tax Collector Is Reported Found

Americus, Ga., Sept. 29.—Sheriff Battle, of Schley county, has reported that J. E. Smith, missing tax collector of Schley, has been arrested in Portland, Ore. It is said he was short about \$2,500 when he disappeared several years ago, and the sheriff has a warrant charging embezzlement. Private advices from another source say Smith has been located in Sacramento, Cal. Sheriff Battle states he is making arrangements to send an officer for Smith.

CANDIDATES FOR GOVERNOR FILE EXPENSE ACCOUNTS

HARDMAN SPENT LARGEST AMOUNT, HARRIS COMING SECOND.

Atlanta, Oct. 2.—Hugh M. Dorsey, of Atlanta, and Joseph E. Pottle, of Milledgeville, two of the candidates in the recent gubernatorial campaign, mailed their statements of campaign expenses to Comptroller General William A. Wright Saturday. The statement of Mr. Dorsey, successful candidate for governor, reached the comptroller general's office Saturday afternoon, while that of Mr. Pottle came in the early mail Monday. Governor N. E. Harris and Dr. L. G. Hardman of Commerce, had previously filed their statements.

Mr. Dorsey reports expenditures aggregating \$9,322, of which amount \$6,753 was contributed by friends and \$2,569 supplied from his own personal funds.

Mr. Pottle expended \$7,136.86, of which sum \$5,738.86 was contributed by personal friends and \$1,400 furnished from his own personal funds.

The expenditures of Mr. Dorsey are listed as follows: Entrance fee, \$250; stamps and stationery, \$2,034.70; advertising, \$1,469.44; printing and distribution, \$2,314.80; registration list, \$162.92; traveling expenses, \$650; hall music, posters, etc., \$257.80; telephones and telegraphs, \$258.90; rents, salaries and office supplies at Atlanta headquarters, \$1,924.

Mr. Pottle lists his expenditures as follows: Entrance fee, \$250; advertising, \$2,000; postage, \$3,000; printing and stationery, \$1,250; salaries, \$636.86.

Governor Harris reported that he and his friends had expended \$19,116 in behalf of his campaign, while Dr. L. G. Hardman placed his expenditures at \$19,976.08.

Neither Governor Harris nor Mr. Pottle furnished a list of the names of contributors to their campaign. Dr. Hardman stated that the money for his campaign had been supplied from his personal funds.

Storm Warnings Lowered

Washington, Oct. 4.—Reports to the weather bureau tonight showed that the South Atlantic disturbance had moved inland to Southern Georgia with decreased intensity and the storm warnings which have been displayed from Norfolk to Savannah have been lowered.

BULLOCH TIMES

STATESBORO, GEORGIA, THURSDAY, OCTOBER 5, 1916.

\$1.00 Per Year—Vol. 25, No. 39

SOUTH'S COTTON CROP IS WORTH BIG SUM

BILLION AND A QUARTER DOLLARS GIVEN AS ESTIMATED VALUE.

Columbus, Ga., Sept. 30.—The Industrial Index says in its issue for this week:

"One billion, two hundred and fifty millions of dollars! This is the enormous amount that the cotton crop of 1916 is bringing into the South this year.

"Cotton and cotton seed have been commanding \$100 a bale—and more—in the open market. A conservative estimate of the 1916 cotton crops is 12,500,000 bales.

"The world's consumption of American cotton in the year ending July 31, last, was 14,813,000 bales, according to an authoritative estimate. Of this amount, Southern mills consumed 4,047,000 bales.

"A billion, two hundred and fifty millions of dollars coming into the South for its cotton crop—this is three and one-third times greater than the total of all United States notes in existence.

"It is two and two-thirds times greater than the total of all national bank notes in the United States.

"It is two and one-fourth times the number of standard silver dollars in the United States.

"It is one half the total of all the gold coin in the United States, including the gold bullion in the treasury at Washington.

"It is \$98,574,134 in excess of twice the total of gold circulation in the United States on September 1, 1915. It lacks \$3,642,408 of being twice the total of gold coin in circulation in the United States on September 1, 1916.

"It is two and one-half times greater than the total gold production of the whole world for a year.

"The amount of money in circulation in the United States on September 1, 1916, was \$4,885,152, or \$39.59 per capita. The 1916 cotton crop is bringing into the South \$125,000,000, or \$12.17 per capita for the entire country.

"The value of the merchandise exports from this country in the first ten months of the fiscal year was \$3,401,000,000.

"The foreign trade of New York in 1915 amounted to \$2,125,000,000. The foreign trade of London in the same year amounted to \$1,925,000,000.

"The 1916 cotton crop is bringing \$125,000,000 into the South this year.

"This is \$185,000,000 more than the combined receipts for the cotton crops of the last three years prior to 1900.

"May, 1916, was the greatest build month in the history of the United States, the total of building permit valuations in the country for that month having been \$121,400,000. The 1916 cotton crop is bringing ten times that sum into the South.

"Because it has begun to diversify crops, raise live stock and produce other things for itself, the South is keeping at home and will spend and invest at home millions of the \$125,000,000 which, under former conditions, would have been sent elsewhere. The South has entered upon a prosperity that is new—new because it has a stable foundation."

BOLL WEEVIL FOUND IN TATTNALL COUNTY

Athens,

BROOKS SIMMONS COMPANY

The Store with Hundreds of New and Beautiful Ready-to-Wear Garments and Art Millinery ... Creations ...

As such, we believe that our store is entitled to your patronage. We're sure that we can better the prices of up-state concerns, and certainly we can offer you just as much variety to select from. Society News

By Miss Annie Laurie Turner
Telephone No. 81

Mr. Rupert Rackley returned last Friday to Camp Harris, near Macon.

Miss Nannie Melle Olliff visited relatives in Savannah during the past week.

Mr. and Mrs. W. W. Williams have returned from a visit of several weeks in Atlanta.

Miss Ethel McDaniel has as her guests Misses Reynolds of Millen, and Burke of Rocky Ford.

Friends of Miss Ora Scarborough regret to learn that she is confined at the sanitarium with an appendicitis.

Mr. Tom Zetterower left during the week for Atlanta to attend a dental college during the coming term.

Dr. R. J. Kennedy and family motored over to Springfield last Sunday to attend the association held there.

Mrs. Brown has returned to her home at Garfield after a visit of several days with Miss Mary Beth Smith.

Mr. J. A. McDougald and family motored to Savannah last Sunday afternoon, returning in the evening.

Prof. R. J. DeLoach and son, Edward, joined the family here last Saturday for a visit of several days with Mr. and Mrs. C. W. Enneis.

Mrs. Brooks Simmons has returned over to Springfield last Sunday to attend the association held there.

Rev. J. B. Thrasher and family spent Saturday in Savannah, making the trip through the country with Mr. Jesse Outland in his handsome car.

Mr. R. Carroll Edwards has returned to Washington after a visit of several weeks with his aunt, Mrs. D. E. McEachern, in Statesboro, and relatives in Claxton.

HARRY GROOVER

Mr. Harry Groover, aged about 38 years, died Tuesday evening at his home in the Bay district, after an illness of only a few days. The interment was at Middle Ground Wednesday afternoon, the service being conducted by Elder A. W. Patterson.

The deceased was a son of Mr. Cage Groover, who lives near Statesboro. He is survived by his wife and two small children.

JUNIORS ENTERTAINED

On Friday evening a number of the younger set were entertained by the Junior Missionary Society of the Methodist church at the home of Miss Hazel Johnson, on Broad street. Choice selections were rendered on the Victrola, while the guests were engaged in "Progressive Conversation." At ten-thirty a delicious iced course was served at the parlors of the "Utopia," after which the guests departed for their homes.

Those invited were Mary Lou Lester, Mary Lee Dekle, Louise Foy, Mildred Donaldson, Elizabeth Williams, Bessie Martin, Frances Clarke, Isabel Hall, Arline Zetterower, Lessie Franklin, Clara Leck DeLoach, Marguerite Outland, Maddalene Maull, Annie Laurie Turner, Irma Floyd, Mildred Donaldson, Brooks Grimes, Edith Mae Kennedy, Camilla Aiken, Lois Sheppard, Claudia Everett, Ethel Rackley, Emma Lou Alderman, Annie Mae Alderman, Leader, Sybil Williams.

Song—"Just Today." Minutes. Roll Call. Song—"How Precious is Jesus."

Scripture Reading, Acts 26: 13-20—President.

Seven sermons by seven Juniors using the seven daily Bible readings.

(1) "The Light"—Elizabeth Blitch. (2) "The Voice"—Irma Floyd. (3) "Darkness"—Wildred Donaldson. (4) "The Messenger"—Mary Lee Dekle. (5) "Baptized"—Mildred Donaldson. (6) "The Plot"—Louise Foy. (7) "A Disciple"—Nellie Ruth Brannen—Lena Bell Brannen.

Memory verse in concert. Reading—Clara Leck DeLoach. Song—"God Will Take Care of You."

Prayer—Leader. Preaching at Macedonia

Rev. R. B. Seals, of Savannah, will occupy the pulpit at Macedonia church on Saturday and Sunday, Oct. 7th and 8th, at the morning hour. The public is cordially invited.

WITH THE CHURCHES

METHODIST CHURCH

South Main Street

Rev. J. B. Thrasher, Pastor.

A revival meeting will begin at the Methodist church next Sunday a. m. The preaching will be done by the pastor, the music furnished by our local talent. Col. Hinton Booth will direct the choir and cordially invites the singers from all the churches to assist. Those who can assist by playing cornets, violins, trombones or other musical instruments which are suitable to come and help.

The services will be held promptly at 3:30 p. m. and at 7:00 p. m. The entire town is most cordially invited to attend and participate in every way possible. Let us pray that God will make this revival a blessing to scores of souls.

PROGRAM

It is useless for you to go away from Statesboro to trade as we feel that we are fully prepared to meet any competition in this section of the state, both as to quality and variety of merchandise, and as to prices.

Your patronage will be appreciated.

STATESBORO MERCANTILE CO.

GEORGIA'S ARTILLERY OFF FOR THE BORDER

THOUSANDS CHEER SOLDIER BOYS AS THEY LEAVE CAMP HARRIS.

(By Jesse Irvin, Staff Correspondent Morning News.)

On Board the Third Section of Troop Train of Georgia Field Artillery, En Route to the Border, Oct. 3.—With more than 3,500 state troops and several hundred spectators cheering, bands playing "Good-bye, Good Luck, God Bless You," the first section of the First battalion of field artillery of Georgia entrained at the state mobilization camp this afternoon at 1:05 o'clock for El Paso.

This section is composed of Battery C and headquarters from Savannah. The second section, Battery B from Atlanta, departed at 1:45 o'clock, and the third train with Battery A from Savannah aboard left at 2:17 o'clock.

It was a wonderful ovation, almost equaling the send-off given to the Savannah batteries upon their departure from that city three months ago. The cheering of the troops left behind was somewhat pathetic. Each yearned to be in the same place of the one who was departing. There of the monotony of camp life which seems to dig deeply in the flesh of each cavalryman and infantryman as the days roll by, every officer and man cheered with regret that they were being left behind.

Several hours before the time set for the departure of the battalion, automobiles and street cars brought a large crowd to the camp. They watched the final loading of equipment and were intensely amused at the sight of three batteries lining up to draw their money.

The strenuous task the men were put through before daybreak until time for departing made the sandman appear during the late afternoon. All were ready to lay on their "real mattresses" on leaving Atlanta.

All along the route from Camp Harris through Macon the people lined both sides of the railroad tracks and cheered. There was much waving of handkerchiefs. The boys were lusty in returning these greetings. Some gave away their red hats, while others yelled themselves hoarse. At Floraville, Jenkinsboro and Jackson a large crowd greeted the citizen soldiers.

Atlanta cheered from the time the first section appeared until the last section moved out. The Atlanta battery was the center of attraction. Mothers and sweethearts crowded around the Atlanta train.

Under star-speckled skies and fires still burning from the farewell visit paid by infantrymen during the early part of the night, the artillery camp was as busy as a hive of bees at 4 o'clock this morning. The weather chilled the men to the bone, yet acted as a brace for the hard job of breaking camp.

At the blast of the bugle the canvas city, as it made up of one tent, instead of several hundred, fell to the earth. In an hour's time the tents were loaded. After loading fresh and canned provisions, blankets, rolls, tents and officers' baggage, the trains were turned over to the railroad officials before noon. One hour later the first unit departed.

Each train is made up of five flats, one box, one kitchen, five Pullman sleepers and a caboose. No complaint can be made about being uncomfortable. There is plenty of room.

SUBMARINES ACTIVE DURING SEPTEMBER

Nearly 300 Vessels Sunk Since First Day of June.

Washington, Sept. 30.—Submarines sunk 262 vessels, including 66 of neutral nations from June 1 to September 24, according to London dispatches supplementing Lord Robert Cecil's statement last night. Fifteen were reported sunk without warning, with eighty-four deaths. Today's information shows that submarine activities have practically doubled in the last two months.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

ROYAL BAKING POWDER CO.

KNOTT LEADS CATTS IN FLORIDA CONTEST

Tampa, Fla., Oct. 3.—Recount of precinct 47 of this county gave W. V. Knott, gubernatorial aspirant, a gain of 14 votes over Sidney J. Catts. The gain was on second choice votes which had been given to other aspirants for governor but credited to Mr. Catts. The inspectors signed a statement after the recount in which they admitted their error and said the ballots were the same as they had counted originally.

There was second choice votes for the three other candidates but all were given to Catts by the inspectors because he led the precinct in first choice votes. Knott gained two votes in precinct 45 yesterday and his friends say there is seven more which he will get because of a clerical error of the county canvassing board in totaling the returns, giving him a total gain of 23 votes in Hillsborough county. A tabulation of the state gains made here today giving the 69 he gained in Alachua county shows Knott 24 in the lead in the state.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS or FEVER. Five or six doses will break any case. If taken as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c.

ST CO-OPERATE WITH HIGHWAY COMMISSION

ONLY WAY FOR COUNTIES TO RECEIVE AID FROM GOVERNMENT.

(Atlanta Journal.)

If Georgia is to profit by the new system of federal aid for road building, the individual counties must co-operate with the State Highway Commission. The skilled engineering service which the commission will provide will be freely at the disposal of every county subscribing to the commission's terms. Thus Georgia will acquire a system of well-built and thoroughly co-ordinated roads that will promote the welfare of every community and foster all the elements of economic and social life from which the state's prosperity is derived.

GENTLE—BUT SURE

Biliousness, sick headache, sour stomach, gas, bloating, constipation, dyspepsia—all these distressing consequences of retaining a mass of undigested and fermenting food in the stomach are avoided if the bowels are kept open and regular. Foley Cathartic Tablets are first aid to good health. Do not gripe. For sale by BULLOCH DRUG COMPANY.

GIRL OFFERS AN EYE TO A BLIND SOLDIER

Would Make Sacrifice to Help Her Country.

Paris, Oct. 3.—A young English girl has written to Dr. Rochon Duvigneaud offering to give one of her eyes to a soldier who has lost his serving France. The girl, who lives in North Shields, had read a recent statement by Dr. Duvigneaud, one of the most famous oculists in France, that it was possible to save the sight of a man wounded in the eye by grafting a portion of the cornea of another person. In her letter she said:

"If you believe there is one chance of success in a million I will give you one of my eyes for a soldier who has lost his sight serving France. I would prefer to give my eye to one to whom it would be especially useful, such as an inventor or an officer of great value."

"If my offer is accepted I shall consider myself under an obligation to you for permitting me to be of use to my country in the only way possible to me."

Resolved, That we hereby appoint the State Highway Department of Georgia as our duly constituted authority in this county to the office of public roads of the United States and Washington for the approval of the Secretary of Agriculture, and we hereby agree and bind the county of _____ to furnish labor and material necessary to construct the road, or roads, as projected in said county under the direction and supervision and according to the plans and specifications of the said State Highway Department.

We agree to levy a tax sufficient for said purpose being reimbursed by the Federal Government of fifty per cent of the cost of said labor and material as expended on said project nor to exceed ten thousand dollars per mile.

"We further agree to properly maintain said road and to levy a tax for and to set aside each year during the period of five years sufficient funds to guarantee the proper maintenance of and the making of the needed repairs and the preservation of a reasonably smooth surface on said highway, considering the type of road, to be constructed under this agreement with the State Highway Department and the Federal Government."

The latter clause of the resolution is particularly well advised, for no phase of highway improvement is more important than that involving road maintenance. Millions of dollars have been wasted on roads which were well built, but which went to pieces for lack of timely repair. The Georgia Commission is eminently right in insisting that each county expecting to share in the national fund shall set aside each year for the prescribed period an amount of tax money sufficient to guarantee the upkeep of the roads improved. This will assure efficiency in the use of the local as well as the general fund and will result in a substantial saving to the taxpayers of each community concerned. Furthermore, it will assure a character of roads far superior to that which the average county heretofore has known.

By heartily co-operating with the Highway Commission, the counties will receive not only their share of the two million dollars which the national government will expend in Georgia during the next five years, but also an invaluable measure of expert counsel and assistance in constructing their roads. The skilled engineering service which the commission will provide will be freely at the disposal of every county subscribing to the commission's terms. Thus Georgia will acquire a system of well-built and thoroughly co-ordinated roads that will promote the welfare of every community and foster all the elements of economic and social life from which the state's prosperity is derived.

Every man should keep fit these days and make the most of his opportunities. No man can work his best and bladder, aching back, swollen joints, stiff muscles or rheumatic pains. Foley Kidney Pills pay for themselves a hundred times over in health improvement. For sale by BULLOCH DRUG COMPANY.

"40 WINTERS 40 SUMMERS SINCE THEN HAVE ROLLED AWAY"

40 winters and 40 summers have rolled away since persons took the prescription for Number 40 For The Blood and are living and well today. No. 40 is compounded from ingredients that are set down in the U. S. Dispensatory and other medical books as follows: "Employed in diseases of the glandular system, in syphilis, scorbut, rheumatism, catarrh, consumption and liver diseases. Under its use nodes, tumors and serofulous swellings that have withstood all other treatment disappear as if by magic." No. 40 is sold by Bulloch Drug Co.

ROLL WEEVIL IS NINETY PER CENT PURE FEAR

ONLY TEN PER CENT DAMAGE, SAYS GOVERNMENT EXPERT AT TIFTON.

The Tifton Gazette of Friday afternoon had the following to say about what one of the government experts said in an address to the farm demonstrators there:

"The boll weevil is 90 per cent pure and 10 per cent bite," said Hon. H. E. Savely, government expert, who is here attending the farm demonstrators' convention in his address before that body at the court house at 11 o'clock this morning.

Mr. Savely also said that the worst thing that could happen to a community was for the business men and farmers to get panic-stricken when the weevil first appeared, throw up their hands and not try to fight the pest.

Mr. Savely said at the outset of his address that the first thing to be done was to start to fight the weevil as soon as it made its appearance and that the last thing to be done was to stop fighting the weevil after it had left the territory. He said that the right thing to be done at this time by the farmers was to get their cotton pickers as fast as possible and then turn the stalks all under as deep as possible. That getting rid of these stalks completely is the last thing to be done in the fight on the weevil next spring would be very much less because the crop would be practically eradicated this fall.

He stated that the thing to do next was to plan to get cotton planted as early as practicable; reduce the acreage so that the crop could be properly worked; pick the weevils from the terminal buds as fast as they appeared and that where there was a heavy infestation of the pest it was absolutely necessary to pick up and burn the fallen squares before each cultivation. This he said was not nearly so expensive as it appeared, as the work could be done by children as well as grown folks and need not cost over \$2.50 per acre. And every time the crop is gone over and the squares picked up and destroyed a crop of weevils is done away with, making it more certain to get a crop of cotton.

"Don't get scared," he said. "Go to work to fight the weevil and you will make a crop. Take the advice of your government man. A great deal of loss has come to farmers," he said, "because they had heretofore doubted the wisdom of the government's advice. But the wisdom given out is obtained from experience with twelve years and is absolutely reliable, and the best advice that can be given, and the farmers who have

followed it have made good crops of cotton with weevil conditions confronting them, while their neighbors who had not taken the advice had not made crops of cotton."

DISCARDED SUITOR COMES BACK AND WINS

Atlanta, Sept. 22.—Two weeks ago formal announcement was published and invitations issued to the wedding of Miss Mildred Peebles, daughter of Mr. and Mrs. W. G. Peebles, of Atlanta, and Benjamin Mays Partridge, of Miami, Fla. There was a discarded suitor in the case, John M. Estes, Jr., of Kirkwood, a suburb of Atlanta. When he received the invitation he practically gave up all as lost until he suddenly noticed the envelope upon which the stamp had been pasted upside-down. Figuring that this might mean something, he called up Miss Peebles, who had a meeting and the result was their quiet marriage last night.

The wedding in which Mr. Partridge was to have figured had been scheduled for Oct. 1, Miss Peebles formerly lived in Savannah. Her father is Atlanta manager for the Western Union Telegraph Company, and he was at one time assisted with the Western Union in that city.

Cut This Out—It Is Worth Money

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Kidney Pills, and Foley's Cataplasts. Specially comforting to stout persons. For sale by BULLOCH DRUG COMPANY.

WEAPON OF DEATH IS CHILD'S HOBBY HORSE

Washington, Sept. 23.—Little Essie Swann, of Indian Head, Md., has a new hobby horse, Mrs. William Swann has a wrecked house and the United States has a new record as a result of the first trial firing of the new big sixteen-inch gun just designed for the navy department.

The shell passed through the thickest and toughest armor plate made, through a sand hill, then through the house, wrecking the kitchen porch and stopped in the yard, where it served as a toy.

Naval officers are proud of the new gun and others like it on Uncle Sam's new dreadnaughts. Heretofore the largest gun in the navy was the fourteen-inch. The largest gun in a foreign navy is the fifteen-inch.

NO MORE BACKACHE FOR HER

Mrs. J. M. Gaskill, Elm Green, Ind., writes: "I suffered from severe backache and sharp pains. I could not sleep over a week. Foley's Kidney Pills gave me such relief that I cannot praise them too highly." This standard remedy for kidney trouble and bladder ailments can be taken in any form. For sale by Bulloch Drug Company.

PREVIOUS RECORDS BROKEN BY EXPORTS FOR AUGUST

GOODS SENT ABROAD IN MONTH WERE VALUED AT \$510,000,000.

Washington, Sept. 25.—American exports finally have passed the half billion-dollar mark. Statistics issued today by the department of commerce show that goods sent abroad in August were valued at \$510,000,000, a record not only for this country, but for the world. The total is \$35,000,000 above the previous high record, established in May, and \$45,000,000 higher than the June figure.

Imports decreased in August, the total of \$199,247,391, being \$47,000,000 below that of June, the record month. It was greater, however, than the total for any previous August. Exports for the year ended with August aggregated \$4,730,000,000 and the imports \$2,300,000,000 both totals being far in advance of those for any similar period.

The favorable trade balance for August was \$311,000,000, compared with \$119,000,000 in August a year ago, and a balance of \$19,000,000 in August, 1914, against the United States for the twelve months ending August 31 the export balance was \$2,465,000,000 as against \$1,363,000,000 in the preceding year and \$374,000,000 two years ago.

The net inward gold movement for August was \$23,000,000, and for the year \$410,000,000, a record-breaker. Last year the net inward gold movement was \$146,000,000 and two years ago there was a net outward movement of \$95,000,000.

STOOD IN WATER TO PREACH HIS SERMON

Atlanta, Ga., Sept. 26.—Preaching a sermon while standing waist deep in water was the ecclesiastical novelty inaugurated in Moseley Park in a western suburb of Atlanta by Rev. Carlyle B. Haynes, a traveling evangelist who preaches the old doctrine that "we must repent and be baptized." A number of converts who had joined the church under the influence of Evangelist Haynes' preaching were scheduled to be baptized in the Moseley Park swimming pool, and when the congregation arrived on the scene they found the evangelist ready and waiting. But before leading his converts down into the water one by one, he stood in the middle of the pool, with the water around his waist, and delivered a sermon, after which the immersions took place.

NEGRO KILLS SHERIFF AND IS SHOT BY POSSE.

Cuthbert, Ga., Sept. 21.—The body of Pete Hudson, the negro who killed Sheriff W. S. Taylor and was shot by a posse in a swamp near here yesterday, was brought to Cuthbert early today and was greeted by several hundred cheering persons. The body was suspended from a telegraph pole in the city park for a time so that all might see it. A suggestion that it be burned in the park was not well received by relatives of the slain officer, so it was taken to the outskirts of the town and burned.

Rubbing Eases Pain

Rubbing sends the liniment tingling through the flesh and quickly stops pain. Demand a liniment that you can rub with. The best rubbing liniment is

MUSTANG LINIMENT

Good for the Ailments of Horses, Mules, Cattle, Etc.

Good for your own Aches, Pains, Rheumatism, Sprains, Cuts, Burns, Etc.

25c, 50c, \$1. At all Dealers.

Like getting back home
for Thanksgiving—
they satisfy!

Thanksgiving with the old folks at home—it does satisfy! For your smoking, Chesterfields do the same thing—they satisfy!

But Chesterfields are MILD, too—that's the wonder of it.

Don't expect this new cigarette enjoyment (satisfy, yet mild) from any cigarette but Chesterfields, because no cigarette maker can copy the Chesterfield blend—an entirely new combination of tobaccos and the biggest discovery in cigarette making in 20 years.

Give me a package of those cigarettes that SATISFY.

Chesterfield CIGARETTES

They SATISFY! and yet they're MILD

NO PROSPECT FOR PEACE IN EUROPE

German Chancellor is Bitter Against England.

Berlin, Sept. 28.—The speech of Chancellor von Bethmann-Holweg in the Reichstag today contained no peace profers, which he declared, would be useless in view of the attitude of the Entente Allies. There was no intimation in the speech either of a resumption of the submarine warfare.

The Chancellor scathingly arraigned England as Germany's relentless and unscrupulous foe and declared that statesmen who refrained from using all possible suitable weapons against such an enemy, owing to sentiments of consideration or a desire to keep open a basis for a future understanding, deserved to be hanged.

BARAINS TO PRINTERS

50 pounds each of 2-point leads and 6-point slugs at 20c per pound, good as new; 115 10-amp 30-inch mailing rollers, as many as you want at 15c each, slightly used; 15-amp 6 and 12-point 10-amp wood rollers for mailing rollers, almost new, 50c per thousand; 50 pound 2-point type, proofs sent on application; one 9x13 Jones Linotype jobber, equipped with throw-off and pulley for fixtures, will print good work, price \$25, a 10-inch fountain will be thrown in to purchaser who will come and ship same.

CROP ESTIMATE PUT AT 11,637,000 BALES

ACREAGE WAS LARGER BUT CROP IS SMALLER THAN LAST YEAR.

Washington, Oct. 2.—Storms and insect damage have wrought havoc with the cotton crop this year and caused a loss of almost 3,000,000 bales throughout the growing season. This year's crop will be approximately 11,637,000, equivalent to 500,000 bales, according to the department of agriculture's forecast made today basing its estimate on the condition of the crop on September 25. In its first forecast of production made from conditions existing. June 25 the quantity was estimated at 14,266,000 bales. The condition of the crop on September 25 was 56.3 per cent of a normal which is the lowest condition on record for that time of the year.

Cotton this year was planted on the fourth largest acreage ever recorded—35,394,000 acres. In 1911, when 38,045,000 acres were planted the crop was 15,693,000 bales; in 1913 when there were 37,089,000 acres, the crop was 14,156,000 bales, and in 1914 when the acreage was 36,832,000, the crop amounted to 16,135,000 bales.

Indications are that this year's crop will yield only 150.3 pounds per acre, compared with 207.7 pounds in 1911, 182 pounds in 1913 and 209.3 pounds in 1914.

In a statement issued today on conditions existing Septem-

ber 25, the crop reporting board said:

"There was heavy deterioration in cotton again this month in the central cotton states. Boll weevil in Texas, Arkansas, Alabama, Louisiana and Florida have taken a heavy toll, puncturing and destroying grown bolls to a larger extent than ever before known.

This insect in addition, damaged the crop in portions of Oklahoma, Georgia and Tennessee. Caterpillars have injured the cotton in southern and Texas and eastern Florida. Cool nights caused a cessation of fruiting and the plant shed its fruit considerably in the northern portion of the cotton belt.

"There is considerable late cotton in the Carolinas and some in the northern Georgia, which will need a late killing frost to reach anything like full maturity.

"The weather during the month was very favorable for gathering the crop and the high prices prevailing for both cotton and the seed caused the farmers in all parts of the south to rush gathering and ginning, and there has been a much larger percentage of the crop put through the gins than usual at this time of the year. In southern Mississippi, and Alabama, where the crop is practically a failure, one picking of the crop, the average in many counties being a bale to the mule or less. Over the entire cotton belt the crop this season has been rapidly picked and there is less cotton remaining in the fields than usual at this time of the year. The picking season will average two or three weeks early."

WOMAN SHOT, STRANGLER, BEATEN AND CREMATED

HUSBAND HELD FOR HER MURDER BY NEW HAMPSHIRE COURT.

Mountain View, N. H., Sept. 30.—Frederick L. Small was arraigned in the district court today and held for hearing October 5 on a charge of murder resulting from the death of his wife, Florence A. Small, whose body was found yesterday in the ruins of their burned cottage. The court action followed the finding of the coroner at his inquest that Mrs. Small had died of strangulation. Small pleaded not guilty.

B. Frank Horne, medical referee, said his investigation had disclosed that the person who killed Mrs. Small had fired the house, had first shot her, strangled her and then over her head.

This statement was made after the discovery of a bullet in the woman's head and the finding in the ruins of a revolver of similar caliber. The head of Mrs. Small which was saved from the flames through falling into a pool of water, is being held by the medical authorities. The neck is still circled by a knotted cord, the skull crashed from seven blows and the trace of a bullet wound is clear, according to Horne.

As yet officials have found no evidence, they said, to support the statement of a spectator at the fire that he saw the body through the flames, apparently partly suspended by a rope from the head of a bed.

To a question by Attorney General Little, High Sheriff Chandler stated that the husband, on his return yesterday from Boston, said Mrs. Small had gone to the door to bid him good-bye when he was leaving home on Thursday. Small left here at 4 o'clock that afternoon and the fire was discovered about 10 o'clock at night.

HON. J. W. OVERSTREET FORMALLY NOMINATED

His Majority of Popular Vote Was 3,095.

(Morning News, 3rd.)

Following a delay of two hours spent in getting parties made necessary by the failure of sufficient delegates to appear to make a quorum, the congressional convention of the First district formally named the Hon. J. W. Overstreet as the Democratic nominee for Congress yesterday afternoon.

Chairman R. M. Hitch read the consolidated vote in the Sept. 12 primary, showing Mr. Overstreet to have received 9,545 and Gen. Peter W. Melndir 6,450, giving the former a majority of 3,095. He then announced that Mr. Overstreet had been nominated.

The dozen or more delegates and spectators in the Superior Court room where the convention was held began applauding the nominee for a speech.

Mr. Overstreet declined, pointing out that he had spoken of it during the campaign.

In strict verity, two conventions were held. The first was assembled at noon. It was seen there were insufficient delegates present to constitute a quorum and a resolution was adopted putting off the convention until next Saturday.

After adjournment Mr. Overstreet's supporters bestirred themselves. By means of long distance telephone messages proxies were gotten from the missing delegates. Just before 2 o'clock the convention reassembled, the continuing resolution was rescinded and the nomination of Mr. Overstreet effected.

Delegates later were guests of the nominee at luncheon at the Hicks Hotel.

DANGEROUS CALOMEL IS SELDOM SOLD NOW

Calomel Salivates! It Makes You Sick and You Lose a Day's Work—Dodson's Liver Tone Acts Better Than Calomel and Is Harmless for Men, Women, Children—Read Guarantee!

Every druggist here, yes! your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it while Dodson's Liver Tone is safe and gives better results," said a prominent local druggist. "Dodson's Liver Tone is personally guaranteed by every druggist. A large family-size bottle costs only 50 cents and if you find it doesn't take the place of dangerous, salivating calomel you have only to ask for your money back."

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a glass at night and wake up feeling fine, no sick headache, biliousness, ague, sour stomach or clogged bowels. Dodson's Liver Tone doesn't gripe or cause inconvenience all next day like calomel.

Take a dose of calomel tonight and tomorrow you will feel sick, weak and nauseated. Don't lose a day's work!

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up with your head clear, your liver active, bowels clean, breath sweet and stomach regulated. You will feel cheerful and full of vigor and ready for a hard day's work.

You can eat anything afterwards without risk of salivating yourself or your children.

Get a bottle of Dodson's Liver Tone and try it on my guarantee. You'll never again put a dose of nasty, dangerous calomel into your stomach.

HARDWICK TAKES RAP AT HON. HUGH DORSEY

Sandersville, Sept. 28.—Senator Thomas W. Hardwick sent the following to the press today:

"I have no desire to comment upon either the propriety or good taste of Mr. Dorsey's recent fling at the senators from Georgia in his Macon speech. For the present and for some time to come I am satisfied that Mr. Dorsey has both troubles and responsibilities enough of his own without airing his opinions and views upon subjects that he knows nothing about.

"So far as I am concerned, I will endeavor to lessen the genuine regret that he professes to feel upon the subject by informing him that I have had no differences of any kind with President Wilson that affect in the slightest degree my loyalty to the Democratic party or to the President in the pending contest."

"While Mr. Dorsey, fresh from consorting with bolters and other enemies of the democratic party, is resting upon the Democratic nomination for governor that they have helped to give him, I shall be doubtful about fighting, as I have always done, for the democratic ticket."

A LEFFLER COMPANY of Savannah poses every facility for handling Cotton to best advantage to shippers. They want the business of all honest cotton growers in the county. Ship your Cotton to them.

September 21st, 1916.

A. J. Proctor and J. F. Hagans, Administrators.

USE RED DEVIL LYE Everywhere

From cellar to garret, house to barn, inside and outside, Red Devil Lye keeps things clean and SANITARY.

RED DEVIL LYE makes housework easy. It is the original dirt chaser. It removes the mud and grease from pots, pans, sink-pipes, refrigerators, churns and milk utensils. Makes windows and glassware shine, takes grease spots out of floors and keeps them spick and span.

Red Devil Lye makes washing easy. It makes the hardest water soft, just like rain-water, removes the dirt and saves rubbing.

Red Devil Lye dissolves scale deposits in automobile radiators, cleans motor parts quickly—positively without injury—and increases the efficiency of the engine.

Red Devil Lye makes the best soap because it saponifies every particle of grease that goes into the kettle.

Red Devil Lye makes outhouses sanitary by consuming the flies. Does away with odors and destroys breeding places for flies.

Use Red Devil Lye if you want perfect success with your compost pile. Red Devil

Lye possesses the power of converting farm rubbish into rich fertilizer by rotting the mass quickly enough for the heap to retain the fertilizing elements.

Red Devil Lye is an enemy of disease. It helps to keep hogs, stock and poultry in fine condition and thrifty.

Red Devil Lye is always uniformly pulverized—convenient and ready for instant use.

A tablespoonful is more powerful than a whole package of ordinary cleansers or washing powders.

ASK US FOR BOOKLET telling of the many daily uses of RED DEVIL LYE.

All Groceries and General Stores Sell Big Cans RED DEVIL LYE.

Wm. Schiele Mfg. Co., 619 N. Second Street, ST. LOUIS, MO.
